Why?

“There comes a point where we need to stop just pulling people out of the river.

We need to go upstream and find out why they’re falling in.”

Manchester Hospital School fosters a truly exceptional haven of calm and learning. There is a deep commitment to helping every pupil flourish, regardless of their circumstances. Whatever pupils' needs, staff work relentlessly to enable them to succeed. As a result, pupils experience not only an exceptional education, but also a space where they feel safe, understood and valued.

Capacity Building in Education

Attendance and behaviour

consider how leaders and staff work with medical professionals and other specialists to support access to education and attendance at school, as appropriate, for pupils who are educated under section 19 (of the Education Act 1996) duties because they are unwell, including those educated in hospitals
